FOUNDER & HEAD INSTRUCTOR

## WELCOME

---

Ross is a multiple National, British and World Champion Martial Arts Athlete, Internationally Accredited Examiner, Certified Personal Trainer and Nutrition Coach. He's also the Founder and Head Instructor here at I-Kick Martial Arts and is delighted that you/your child are interested in starting your Martial Arts journey with us.

Ross opened the club in 2013 in a local community hall with only two students. Since then, it's grown to become one of the largest independent Martial Arts clubs in the country and has been recognised for multiple awards along the way - something Ross and his team are extremely proud of.

The main reason why people start Martial Arts is to build their self confidence. Here at I-Kick, our mission is to help our students **unleash their potential** through training in Martial Arts.

We teach our members how to become more self-assure as well as fitter and stronger both physically and mentally. As a result, they become more resilient and assertive versions of themselves that are better equipped to deal with whatever life throws at them. They also develop new skills, make new friends and become part of an incredibly powerful and supportive community too.

In this guide you will find all the information you need to know before getting started.

We look forward to meeting and welcoming you to the club very soon!

# ABOUT US

I-Kick Martial Arts is a premier family-focused Martial Arts club.

Founded by our Head Instructor, Ross Penman, in 2013, his vision is to make Martial Arts more mainstream and help all those who take part in it realise what they are capable of achieving through training.

Initially, the club started in a local community hall in the Netherlee area, South Side of Glasgow. As it grew, we added more locations to enable us to reach more students before successfully opening our purpose built facility in Barrhead, South Side of Glasgow in 2016.

The club continues to grow year-on-year and we believe the reason for this is because we offer something very unique.

We specialise in TaeKwon-Do & Kickboxing for children as young as age 4 right through to adults. We pride ourselves on the quality of Martial Arts tuition and customer service that we provide to all of our members but most importantly, we're proudest of the incredible community that we have built here at I-Kick!

Our classes and sessions are a safe place where like-minded individuals can come together to improve themselves, meet new people and work towards their goals.

We have a wide-range of classes suitable for beginners through to Black Belt and beyond. We also offer Private Tuition, Competitor training, Workshops and much more for those who are keen to take their training that step further.

# OUR MISSION

*"To empower our members to unleash their inner potential and become the greatest version of themselves!"*

**EMPOWER YOURSELF  
BY EMPOWERING OTHERS**

# JOIN OUR TRIBE

Starting a new activity isn't always easy. However, with our support and guidance along the way, you can be rest assured that we will help you feel welcomed in to the I-Kick Martial Arts family from the beginning.

**YOUR VIBE ATTRACTS YOUR TRIBE**

# PRIVATE LESSONS

We offer private lessons with our Instructors which are designed to help you take your training to the next level!

These sessions are specifically tailored to you and the areas you want to focus on to ensure you get as much benefit as possible.

Work with your Instructor 1-to-1 or split the cost with a family member or friend by working 2-to-1.

This is one of the best methods of training to improve your rate of progress as you get that extra personal level of attention and feedback from your Instructor.

# COMPETITION TRAINING

Competition Training is an optional add-on that is there to facilitate extra training for students who are keen to compete.

These sessions focus on fitness conditioning, skills & drills and sparring to ensure that our students get the extra push that they need to represent the club competitively.

Squad Training is open to all students age 10+ years who are yellow belt rank or above.

**All students must have the full set of approved sparring equipment in order to take part in these sessions.**

Please speak to a member of our team who will be able to recommend the industry approved kit.

# PROGRESSION

---

# LEVELLING UP

Martial Arts is more about the journey than the destination but there are some key milestones that are exciting to aim for that will help keep you accountable to your goals, improve motivation levels and thus help with your overall adherence to training.

## KNOWLEDGE HAS A BEGINNING BUT NO END

Each one of our programmes has a syllabus in place that offers students the opportunity to learn and then be formally assessed in order to progress through our ranking system.

All students begin their journey at white belt - they obtain this rank the moment they receive their training uniform.

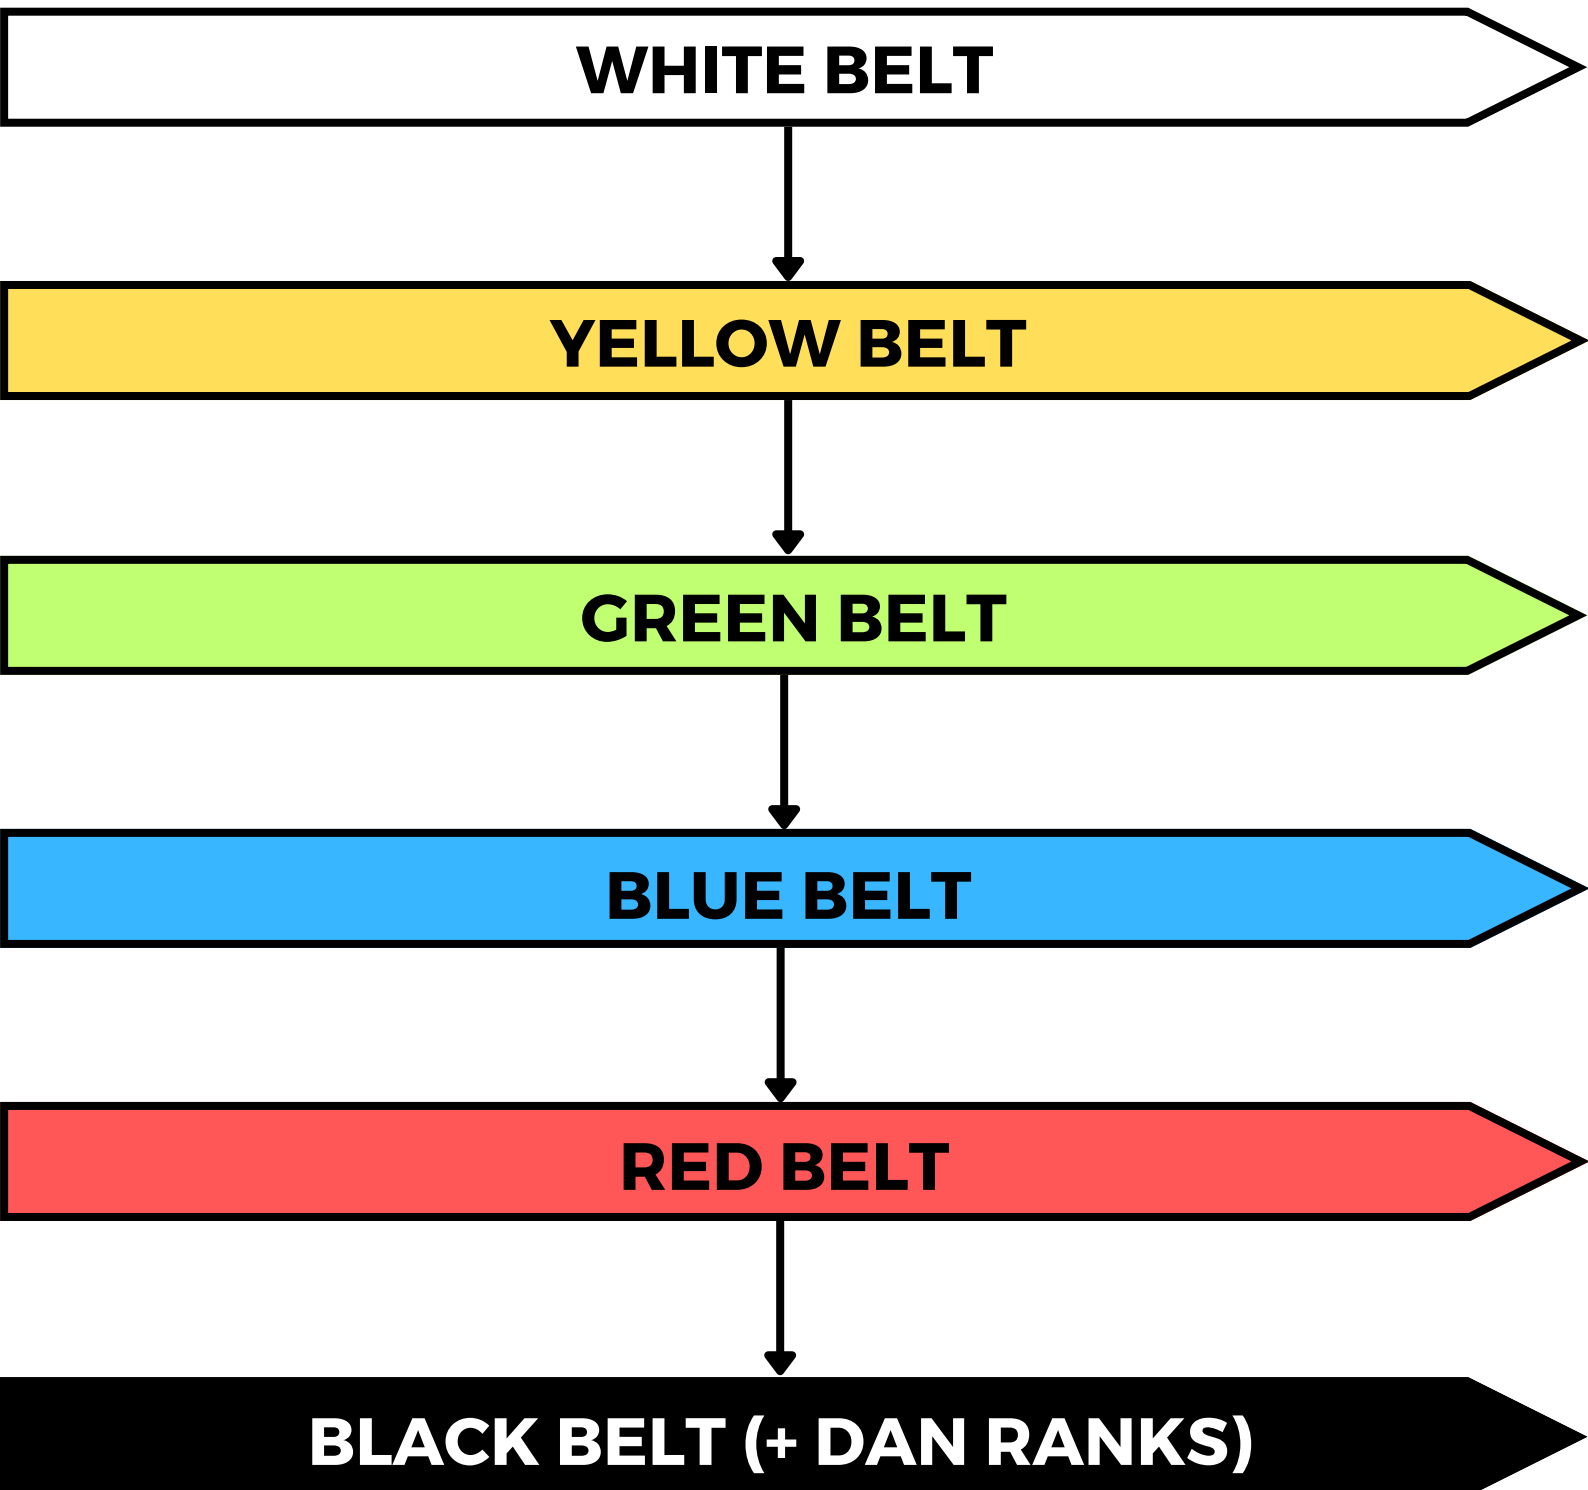

From that point onwards you can follow the path of obtaining new stripes/tags and/or belts as you progress through the syllabus with the coveted Black Belt being the highest colour of belt you can obtain before pursuing the advanced Degree/Dan ranks.

We offer plenty of testing opportunities at the club for students to earn new ranks but these opportunities have to be earned through hitting class attendance targets (70% minimum), practicing at home, demonstrating good behaviour and showing improvements with your physical fitness and martial arts skills.

# **RANKING SYSTEM**

The colour order of our belt ranking system is as follows.
